A: The question asks for a PDF converter that can also convert images. The closest thing you are likely to find is Calibre. There are plenty of free solutions available that can convert from a wide variety of file formats to many others. The new film Captives is from director Bassel Affleck, who directed the Palestinian drama The Ice Castle for Monostar Films. I've also seen Affleck's 2012 film The Third Life, and although neither of these films are easy to watch, he seems to have a sure hand with certain types of material. Captives is also rather more straightforward in its narrative than The Third Life. The latter is a thrilling drama of two different Palestinian families locked in close combat. The former is, well, it looks pretty much the same. I say it looks pretty much the same, but of course it doesn't. The story is set in Beirut in 1983, during the civil war. Shortly after the events of the film, the fighting ended and Beirut became the capital of a fragile truce. The plot is simple and this does have something to do with it. What you see on screen is a depiction of one family coming home after being away for a long time. But what you don't d0c515b9f4
