Director 11.5 Serial Number Mac Mini

Hi, I am trying to buy a mac mini to replace my old dell that is giving a hard drive error. I know that mac mini does not have a internal hard drive so I am wondering if I can use a SATA drive. I have had a macbook pro for 5 years and I am tired of it. I want to get a better computer that can also run the OS X Mountain Lion. This is what I am considering - The mini has a processor of 1.83GHz Intel i5... Can my Mac mini run multiple monitors or is there any alternative?. Jun 11, '13:10:25AM mac mini'Mac mini running I have one only running minecraft full-time right now. Not because it can't run but because it's on my desk all the time.. It's OK if it's plugged into your TV, but if it's plugged into the MBP you need a picture in picture enabled screen. I can't possibly imagine running anything on that, but if I bought a 13" MBP it would be, hands down, the most reliable computer I have ever owned.. The Mac mini is a system that's not suitable for full-time running a game on. Jan 17, '13:41:17PM'Mac mini'I have a Mac mini for all sorts of things, but never a single-player game.. I have a MBP 13" that I use for most everything, but that's just not quite enough for games. Assuming you know what you're doing and don't need the legacy Mac OS, you can use a 160GB or larger 2.5". For instance, the Mac mini has a built-in iSight camera that records in 720p 60fps (. This makes it a great webcam, but not well-suited to full-time gaming. That's an iMac. Sorry. Seriously, I use mine as a mail server, with a nice graphics card (GTX 460) and display, and that's all. I'm asking, what can you install on a Mac mini to. 14" iMac?. My mac mini is meant for e mail, and web browsing, and simple music. Dec 24, '13:55:15PM'Mac mini'That information is no longer current. The Mac mini is meant for basic online tasks. To run full-time, you will need a MacBook or a PC. Jan 5,
